

Queensland's international education and training roadmap 2021–2022

About Study Queensland

Study Queensland is the specialist international education and training unit of Trade and Investment Queensland. Trade and Investment Queensland is the Queensland Government's dedicated global business agency, helping Queensland exporters take their products and services to world markets, and promoting Queensland as the perfect place for investment and extending knowledge. We have global representatives in markets around the world, and regional trade and investment advisors in major centres across Queensland.

Vision

A strong and sustainable Queensland international education and training industry that builds global engagement, nurtures lifelong ambassadors and is a catalyst for attracting and developing talent to grow economies and communities.

Mission

In partnership with industry, the Queensland Government will build a strong and sustainable international education and training industry through advocacy, connectivity, knowledge sharing and a commitment to strengthening Queensland's talent ecosystem.

International network

Study Queensland objectives

1: International development and diversification	2: Safe and gradual return of international students	3: Student experience, development and support	4: Industry development and support	5: Regional capability building
